

Arrangements and quality of EOTAS tuition in Wales

1. Questionnaire for parents and carers

The Welsh Government has asked Estyn to carry out a thematic review focusing on the range and quality of tuition services for pupils in Wales. This includes arrangements for pupils to return to mainstream education or transition to further education, training or employment. Estyn are also conducting a survey of local authorities in Wales and will be visiting tuition providers.

To help us understand the range and quality of tuition services in Wales, we are seeking the views of parents and carers. We would be very grateful if you could take the time to complete the following survey. It should take no longer than 20 minutes.

If you have more than one child in tuition services, please complete one form for each child.

You can learn more about how we keep and use your personal information by looking at our privacy notice: Click [here](#) for our privacy notice.

This survey will close on the 21st of November at 11pm.
