## **Cylch Meithrin Llannerch-y-Medd**

### **Outcome of the follow up inspection visit**

Cylch Meithrin Llannerch-y-Medd is judged to have made appropriate progress in respect of the key issues for action, and to show sufficient capacity for improvement following the review of progress by Estyn in Autumn 2021. The setting has been removed from the list of settings requiring monitoring. There will be no further follow up inspection visits in relation to this inspection.

Yours sincerely

**Mererid Wyn Williams**
