Greenfields School

Outcome of follow-up visit relating to Standards of the Independent School Standards (Wales) Regulations 2024

At the monitoring visit in February 2024, the school did not comply with the following regulations:

Standard 6: The provision of information

6(6)(b): Provide access to the admissions register, and any attendance register

Since this visit, the school has been able to provide access to an accurate admissions register. In addition, they have strengthened the procedures for admissions and attendance to ensure that the data remains up to date and that all appropriate members of staff are able to access to this information.

The school is judged to have met the requirements for standard 6 of the Independent School Standards (Wales) Regulations 2024.

Yours sincerely

Assistant Director
